Apply October 1 for Financial Aid

To apply for financial aid, complete the Free Application for Federal Student Aid (FAFSA) at [www.fafsa.gov](http://www.fafsa.gov). You can now file a 2017-18 FAFSA as early as October 1, 2016. UF’s “On-Time” deadline to receive the results of your 2017-18 FAFSA from the federal processor is December 15, 2016. Apply well before December 15 to ensure that the federal processor has time to analyze and send the results of your FAFSA to our office. Financial aid is awarded on a first-come, first-served basis so apply as early as possible to be considered for the most, and best aid. In order for us to consider you for a financial aid package, you must be an admitted student and have met the “On-Time” deadline.

What can students do to prepare for 2017-18?

1. **Use Your FSA ID**
   An FSA ID gives you access to Federal Student Aid’s online systems and can serve as your legal signature. You must have an FSA ID before you can file a FAFSA.

2. **Apply Online**
   SFA recommends filing online using the FAFSA website. Filing an online FAFSA can save you weeks of processing time. The online application also has edit checks to catch errors. The online application is available at [www.fafsa.gov](http://www.fafsa.gov).

3. **Apply Early**
   For your application to be considered “On-Time,” SFA must receive your FAFSA results, with a calculated Expected Family Contribution (or EFC), by December 15, 2016. Apply starting October 1, 2016. Keep in mind that you are submitting your FAFSA to the federal government, not to the University of Florida.

4. **Use the IRS DRT**
   The 2017-18 FAFSA will use 2015 income and tax information for students and parents. Use the IRS Data Retrieval Tool (DRT) when possible to automatically import your tax information into your FAFSA.

5. **Reapply Every Year**
   Don’t make the mistake of assuming that financial aid magically renews itself—students must reapply each year by filling out the FAFSA.

All Bright Futures recipients are required to meet minimum credit hour and GPA requirements in order to renew their award each year. Students enrolled full time for both semesters are required to earn at least 24 semester hours in order to renew their award at the end of each academic year. For students not enrolled full time for both semesters, the hours required to renew are prorated.

Students who do NOT earn the credit hours for which they were funded by the end of the evaluation period will be TERMINATED from the scholarship program.

Students who do NOT earn their program’s required GPA at the end of their first evaluation period will be permitted a one-time restoration opportunity. Traditional students receiving funding during fall/spring will be permitted a one-time summer opportunity. Innovation Academy students receiving funding during spring/summer will be permitted a one-time fall opportunity.

SFA has created a Renewal Predictor to aid you in determining your individual renewal requirements.

**Florida Bright Futures Repayment Policy**

- Students will be required to repay their award hours for any course dropped or withdrawn after the drop-add period.

- Hours repaid for dropped or withdrawn courses are added back to the student’s total semester hours available, and are not included in the student’s total credit hours required to renew the award.

- Repayment for the cost of dropped or withdrawn award hours is required to renew a Bright Futures award for the subsequent academic year.

- Nonpayment of dropped or withdrawn Bright Futures award hours may also negatively affect renewal eligibility for other state programs.

Graduating? Advice and Student Loans Tips

As you prepare for life after school, we want to provide you with next steps, tips, and advice regarding your student loans.

First, review your records and student account.

You’ll need to figure out whether you have federal student loans, private student loans, or both. The advice below is for your federal student loans. To discuss repayment options for your private student loans, contact your lender.

If you will not be continuing your education:

In most cases, you’ll have six months from the time you graduate or leave school before you have to begin making federal student loan payments. This is called your grace period. Use this time period to explore the different loan repayment options and prepare for repayment.

Here’s your repayment checklist:

☐ Set up your payments. You will not pay the U.S. Department of Education directly. In most cases, you will make payments to your loan servicer.

☐ K** Tip:** Ask your servicer how to sign up for automatic payments. You could receive a 0.25% interest rate deduction for enrolling!

☐ Know who to contact if you need help with your student loans. You never have to pay for student loan help! Your federal loan servicer can help for free.

☐ T** Tip:** Save your loan servicer’s phone number in your phone.

If you are going to continue your education:

Contact your loan servicer to request an in-school deferment. If you have unsubsidized loans, it’s even more important to consider making student loan payments while you’re in school to prevent interest from accumulating.

Beware of student loan scams:

You never have to pay for help with your student loans. As you are researching repayment and forgiveness options, make sure you are getting information from trusted sources, like .gov websites or your servicer’s website. The government and your servicer will never charge application or maintenance fees, so if you are asked to pay, walk away.

Planning to be an undergrad in the fall and a graduate student in the spring?

If you are graduating this fall and continuing at UF in the spring as a graduate student, financing spring term requires financial aid changes to your status. This process is mainly automated at the University of Florida, but affected students should monitor their status to make sure the process goes smoothly.

Visit ONE.UF to check your aid status and your graduate admission status.

If you receive verification documentation requests respond promptly. Requests for documentation may include student assets or tax return transcript requests as well as the Graduate Student Status form.

Once your student status has been updated, your file will be reviewed for graduate level loan eligibility and assessed for any additional aid eligibility.

As always, communication with you is through your official Gatorlink email address. Check your email regularly.

Remember to submit the Statement of Expected Graduation Date form here
Stay Eligible for your Financial Aid

You need to make satisfactory academic progress in order to continue receiving federal student aid. In other words, you have to make good enough grades, and complete enough classes (credits, hours, etc.), to keep moving toward successfully completing your degree.

Students who fail to meet the following criteria will be ineligible for federal, state, and/or institutional scholarship and grant funds:

- maintain the required cumulative grade point average,
- successfully complete the required percentage of attempted coursework,
- complete their program of study within the prescribed length of time.

Read about the quantitative and qualitative components you must meet to maintain your eligibility for financial aid at our website: http://www.sfa.ufl.edu/process/additional-information/satisfactory-academic-progress-policy/

Check the Status of your Financial Aid

Use ONE.UF “Aid Status” to:

- Find out if your financial aid file is complete or if you have outstanding requirements that will prevent the disbursement of your financial aid.
- Request student loans.
- Print verification documents.

To check your aid status:

1. Go to https://student.ufl.edu
2. On the left menu, under “Financial Aid,” choose “Aid Status” for the correct academic year.

Update your Address and Contact Info

The UF Directory is the sole source of contact information for students. Remember to update and verify your local and permanent addresses, phone numbers and email in the UF Directory. Accurate information will ensure that you receive all university correspondence. You must update this information each time you change your address, including when you move home for summer or move to a different apartment or residence hall on campus.

In order to protect the confidentiality of your student record, the university will not allow the post office to forward mail to an address other than the one on your directory file. Remember to change your address info whenever any information changes.

To update your contact info:

1. Log on to myUFL portal at www.my.ufl.edu
2. From the main menu, go to “My Account” and choose “Update my Directory Profile.”
3. Follow the directions to verify and update all necessary information.

Consumer Information

The University of Florida is committed to providing important information to its students, faculty and staff. Consistent with this commitment and pursuant to the university’s notice and reporting obligations under various laws, UF consumer information can be found at: https://student.ufl.edu/consumerinfo.html
Mark your calendars to apply for financial aid with the earlier FAFSA

Complete a 2017-18 FAFSA starting on October 1, 2016. This new date will be a permanent change, enabling students to complete and submit their FAFSA earlier.

Starting with the 2017-18 FAFSA, students will report income and tax information from an earlier tax year. On the 2017-18 FAFSA, students and parents will report their 2015 income and tax information.

More information about FAFSA changes is available at www.sfa.ufl.edu/news/1718-fafsa-changes/
