

Florida Prepaid COLLEGE PLAN

UF OFFICE FOR STUDENT FINANCIAL AFFAIRS

The Florida Prepaid College Plan is a program through which families prepay for their child's education at a guaranteed fixed rate. It is guaranteed by the State of Florida. This program began in 1988 and is the largest prepaid tuition plan in the country.

The Program

For information on the program and how to participate, see "Who to Contact for Information" on the back. In general, purchasers of Prepaid College contracts pay into the program by lump sum or monthly installment, and contract prices depend on the type of plan and student's age or year in school. Three different tuition plans, optional dormitory plans, and optional local fee plans are available. Investments in the fund are guaranteed by the state.

The Program at the University of Florida (UF)

The State of Florida automatically notifies UF of all students participating in the plan.

- Students do not need to bring their Florida Prepaid cards to UF's University Financial Services (UFS) to verify participation. For participating Prepaid students, UFS bills the Florida Prepaid Program for tuition amounts covered according to their Plan(s) and automatically credits their tuition accounts.
- All students must pay Transportation fees plus any material and supply fees. Students who have not purchased a Florida Prepaid "Local Fee" plan must also pay the local portion of tuition (Activity and Service, Athletic, and Health fees). All fees are due by the fee payment deadline to avoid a \$100 late payment fee. Two days after drop/add ends, students should go to ISIS and click on "Financial Services" and then "What I Owe" to find out the exact amount of their local portion of tuition debt.
