Proof of Health Insurance Now Required

Effective June 30, 2014, all newly admitted or re-admitted domestic students who are enrolled at least half-time in a degree-seeking program along with all international students are required to purchase the Student Health Insurance Plan unless proof of comparable coverage is provided.

Students who do not have health insurance and/or do not submit a waiver will be automatically enrolled in the Student Health Insurance Plan for the immediate semester and will be financially responsible for the related charge, which will be placed on the student’s myUFL/ISIS account.

For more information, including plan rates and benefits, UF requirements and how to complete a waiver, visit http://studentinsurance.shcc.ufl.edu.

Financial aid recipients who must purchase the UF plan will have the cost reflected in the personal component of their cost of attendance. Students with financial aid allotment questions/concerns should contact their pre-assigned adviser at Student Financial Affairs.

UF Online, transient, non degree seeking, dual enrolled, certificate students, and UF employees enrolled in the EEP program are exempt from this requirement.

Check the status of your financial aid

Use ISIS “Aid Status” to:

• Find out if your financial aid file is complete or if you have outstanding requirements that will prevent the disbursement of your financial aid.

• Request student loans.

• Print verification documents.

To check your aid status:

1 Go to www.isis.ufl.edu
2 On the left menu, under “Financial Aid,” choose “Aid Status” for the correct academic year.

Remember to check your financial aid status frequently via ISIS.
Direct Subsidized Loan 150% Limit

If you are a first-time borrower on or after July 1, 2013, there is a limit on the maximum period of time (measured in academic years) that you can receive Direct Subsidized Loans. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. If this limit applies to you, you may not receive Direct Subsidized Loans for more than 150 percent of the published length of your program. This is called your “maximum eligibility period.” Your maximum eligibility period is generally based on the published length of your current program. For example, if you are enrolled in a four-year bachelor’s degree program, the maximum period for which you can receive Direct Subsidized Loans is six years (150 percent of 4 years = 6 years).

Because your maximum eligibility period is based on the length of your current program of study, your maximum eligibility period can change if you change to a program that has a different length. Also, if you receive Direct Subsidized Loans for one program and then change to another program, the Direct Subsidized Loans you received for the earlier program will generally count toward your new maximum eligibility period.

Certain types of enrollment may cause you to become responsible for the interest that accrues on your Direct Subsidized Loans when the U.S. Department of Education usually would have paid it. These enrollment patterns are described below.

Student Financial Aid Questions & Answers

**Q:** I was selected for verification. How can I submit documents to SFA?

**A:** Submit documents via fax (352) 392-2861 or mail PO Box 114025, Gainesville, FL 32611-4025, or walk in to our office on campus at S-107 Criser Hall.

**Q:** A loan has been awarded to me. What steps do I need to take to receive it?

**A:** Complete a Master Promissory Note (MPN) and Entrance Counseling at www.studentloans.gov AND accept your award on ISIS.

**Q:** Will an additional outside scholarship affect my award?

**A:** Possibly. Each student who applies for aid is eligible for a certain amount according to their financial circumstances and educational costs. If an outside scholarship results in your receiving more aid than you are eligible to receive, you may lose other aid. This will depend upon the type of other aid you are receiving. If you receive an outside scholarship, check with your financial aid adviser to find out how or if it will affect your total package.

**Q:** My parents don’t give me money. Am I “Independent” for financial aid purposes?

**A:** Federal Student Aid has a convenient, easy to use online table to aid students and parents in determining their dependency status. https://studentaid.ed.gov/sites/default/files/dependency-status.png

**Q:** Do I need to reapply for financial aid each year?

**A:** Yes. Complete the FAFSA at fafsa.ed.gov. You can file a FAFSA as early as January 1 each year. UF’s “On-Time” deadline to receive the results of your FAFSA from the federal processor is March 15. Apply well before March 15 to ensure that the federal processor has time to analyze and send the results of your FAFSA to our office.

Financial aid is awarded on a first come, first served basis so apply as early as possible to be considered for the most, and best aid. In order for us to consider you for a financial aid package, you must be an admitted student and have met the “On-Time” deadline. We must receive the results of your FAFSA with a valid EFC (Expected Family Contribution) by March 15 for you to be considered “On-Time.”
Florida Bright Futures Renewal Requirements

- All Bright Futures recipients are required to meet minimum credit hour and GPA requirements in order to renew their award each year. Students enrolled full time for both semesters are required to earn at least 24 semester hours in order to renew their award at the end of each academic year. For students not enrolled full time for both semesters, the hours required to renew are prorated.

- Students who do NOT earn the credit hours for which they were funded by the end of the evaluation period will be TERMINATED from the scholarship program.

- Students who do NOT earn their program’s required GPA at the end of their first evaluation period will be permitted a one-time restoration opportunity. Traditional students receiving funding during fall/spring will be permitted a one-time summer opportunity. Innovation Academy students receiving funding during spring/summer will be permitted a one-time fall opportunity.

Bright Futures Renewal Predictor

Determining exactly how many hours you will need to renew your particular Bright Futures award can be confusing. SFA has created a Renewal Predictor to aid you in determining your individual renewal requirements.

For more information, students should contact the FDOE Office of Student Financial Assistance at 1-888-827-2004. www.floridastudentfinancialaid.org

Florida Bright Futures Refund Policy

- Students will be required to repay their award hours for any course dropped or withdrawn after the drop-add period.

- Hours repaid for dropped or withdrawn courses are added back to the student’s total semester hours available, and are not included in the student’s total credit hours required to renew the award.

- Repayment for the cost of dropped or withdrawn Bright Futures award hours may also negatively affect renewal eligibility for other state programs.

Make Sure to Stay Eligible for Your Financial Aid

You need to make satisfactory academic progress in order to continue receiving federal student aid. In other words, you have to make good enough grades, and complete enough classes (credits, hours, etc.), to keep moving toward successfully completing your degree.

Students who fail to meet the following criteria will be ineligible for federal, state, and/or institutional scholarship and grant funds:

- maintain the required cumulative grade point average,
- successfully complete the required percentage of attempted coursework,
- complete their program of study within the prescribed length of time.

Read about the quantitative and qualitative components you must meet to maintain your eligibility for financial aid at our website: http://www.sfa.ufl.edu/additional/academic-progress/
