**UF**

At UF, the FAFSA is the only financial aid application you need to complete.

### **ONE FORM. Many funding possibilities.**

The FAFSA (Free Application for Federal Student Aid) is the federal financial aid form used by UF to determine your eligibility for financial assistance.

Completing the FAFSA allows you to be automatically considered for all federal, state and university need-based financial aid programs offered at UF.

To receive the best financial aid offer, complete the FAFSA as early as possible, starting October 1<sup>st</sup>.

Although you must be accepted for enrollment at UF before you are considered for financial aid, you should apply for aid before being admitted.

Complete your FAFSA at [fafsa.gov](https://fafsa.gov).

#### **MY GATOR EXPERIENCE**

***“Financial aid has been a tremendous help for me here at UF. As a transfer student, I did not have to worry about working during my first semester. With the Orange and Blue Grant, I was able to focus on my grades.”***

**Apply each year — financial aid is not renewed automatically.**

*“My financial aid has helped me have more time to study and enjoy college instead of worrying about money. It takes stress off myself and my family knowing that I have aid to help pay for classes, housing, and other things I need. Affordability and opportunities made UF stand out to me.”*

## Grants

Grants are awarded to students who show financial need. All you need to do to be considered for grants is complete the FAFSA. Grants include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Florida Student Assistance Grant, UF Excellence Grant, UF Undergraduate Grant, UF Welcome Grant, and the UF Orange and Blue Grant.

## Scholarships

Scholarships may be awarded based on merit or financial need. Like grants, scholarships do not have to be repaid.

The **Florida Bright Futures Scholarship Program**, funded by the State of Florida Department of Education, provides scholarships to in-state residents based on high school academic achievement. For more information, visit your high school guidance office or call (888) 827-2004 prior to high school graduation.

The **Benacquisto Scholarship** is offered to in-state residents by the Florida Department of Education and covers UF's standard cost of attendance less the amount of the Bright Futures and National Merit Scholarship awards. The Benacquisto Scholarship is a state-funded program that is appropriated by the legislature each year.

The **Machen Florida Opportunity Scholars Program** (MFOS) provides financial resources and individual support for in-state, first-generation, low-income undergraduate students. This scholarship provides funding up to full financial need for four years of undergraduate study.

After completing the FAFSA, students are invited to become MFOS scholars if they meet the initial eligibility criteria.

**91%** of UF freshmen receive grants or scholarships.

UF awards a limited number of **Merit-Based Scholarships**. No separate application is needed beyond the application for admission. The scholarship review process is holistic — there is no automatic awarding of UF scholarships based on test scores or GPA. Students who are selected for a merit-based scholarship will be notified mid-March 2023.

The **Honors Program** offers scholarships for incoming students who rank at the top of their class and demonstrate service to the community, extracurricular involvement, leadership and other criteria.

UF's Scholarship Search Engine is a searchable database of both college-awarded and private scholarships.

**Out-of-State Tuition Waivers** are designed to reduce out-of-state tuition for selected students. Students must be classified as non-Florida residents for tuition purposes by UF's February Decision Day in order to be considered for a tuition waiver.

## Work-Study Employment

Federal Work-Study provides part-time jobs for students with financial need and allows them to earn money to help pay educational expenses.

Work-study positions help students gain valuable work experience, build their résumés, make connections across campus, and have a more enriching college experience.

## Loans

Loans are a type of financial assistance that enable students and parents to borrow funds to help pay for educational expenses. A loan is money you borrow and must pay back with interest. Subsidized loans do not accrue interest while you are in school for at least half-time or during deferment periods.

*“A Federal Work-Study position allows you to work in an environment with people who understand the challenges that come with balancing your studies and having a job, which makes them more compassionate towards the difficulties you may face. You also get the opportunity to create a bond with colleagues and supervisors that care about your well-being and want to see you succeed.”*
