Decoding your Financial Aid Summary

A To receive federal aid, you must be making **Satisfactory Academic Progress** toward a degree. Your current academic progress status will always display here.

B **Cost of Attendance:** This is more than just the cost of your tuition! This amount represents our estimated cost for attending UF full-time and it includes your tuition and fees, plus estimates for the costs of food, transportation, housing, and technology needs.

How much will I owe?

Estimated In-State* Costs for Fall 2021 and Spring 2022

*For Out-of-State, PaCE, Innovation Academy and UF Online costs, visit www.sfa.ufl.edu/cost.

C **Expected Family Contribution:** This is an index number determined by the Department of Education. It is used to determine your eligibility for need-based aid.

D Your **Aid Package** may have different sections:

E “**Gift Aid**,” as the name implies, is free money such as scholarships and grants, which students do not have to repay. **F** “**Work Study**” is on-campus employment. To receive this form of aid, look for a work-study position at <https://jobs.ufl.edu>. **G** **Loans** are a form of financial aid that must be repaid. You can decline, reduce, or accept your loan by clicking the “Take Action” Button. Click the “**i**” next to the aid listed to find out more about that aid type.

H If you will be receiving aid from a source not listed on your aid summary, such as a scholarship, you should report at “**Additional Aid**.” Click the plus sign by “Add Additional Aid” and enter the name and total dollar amount of the aid. **Do not report** UF Scholarships, Bright Futures Scholarships, Florida Prepaid or Private Loans.

R Under “**Related Links**” you can “Contact a Financial Aid Adviser” with questions or view your “College Financing Plan.” The College Financing Plan will appear in a new page and allows you to easily compare aid offers from different institutions.
